# **Lightload Towels Two Pack(each 30x30cm) The Only Towels That Are Life Savers!**

The world renowned Lightload Towels are the only towels that are survival tools. Use them to save lives. They are great as a towel, wash cloth fire starter, first aid supplement, diaper, insulator, static electricity insulator, mask and much more. They pack down to 5cm in diameter and they're unbelievable for packing in tight spaces like suitcases and small pouches. They weigh a mere 9 grams in the two pack size and are essential where weight is a concern like in travel or backpacking.

Waterproof packaging covers each piece; you always have a clean dry cloth which is good for hygiene, personal care and first aid.

The material is 100 percent viscose which comes from wood or plant cellulose and it is soft against the skin unlike microfiber which is rough. It's the most absorbent material you can buy. They are also the most energy efficient towels in that they need little energy to carry, wash and dispose.

Add water to the towel or start wiping water off of you to soften and open e

Price:£4.99
